

Weather or Not HW

Read and outline (Cornell style) **Section 13.4** in your chemistry textbook. ****Your section outline must be at least ½ page with 3-4 topic questions.**** Then answer the following assessment questions:

1. What information does a phase change diagram supply?
2. What is the major difference between the process of melting and freezing?
3. Explain what the triple point and the critical point on a phase diagram represent.
