

# Earthquakes in CA

Look at the State Standards listed on your unit guide. For each standard, you will need to break it down in the "What I KNOW" column. Then you need to explain what you WANT or HOPE to learn about that topic in the "What I WANT to know" column. You will fill in the "What I have LEARNED" column when you complete the study guide the day before the unit test.

## **What I KNOW**

What do you already **know** about the standard?

## **What I WANT to know**

What do you **want to know** about the standard?

## **What I have LEARNED**

What did you **learn** about the topic?
